Title: GlowCart Mobile App Design

Tool Used: Figma

Prepared By: Thirisha.v

Introduction

GlowCart is a mobile application designed for users to browse and purchase beauty and cosmetic products easily. The application focuses on providing a simple and attractive interface for users while improving shopping convenience.

The application was designed using Figma and includes low-fidelity wireframes and prototype navigation between screens.

Objectives

- Understand user requirements
- Design mobile wireframes
- Create user flow
- Develop prototype interactions
- Improve UI planning skills

User Research and Persona

User Research

The following user needs were identified:

- Easy navigation between screens
- Quick login process
- Product search functionality
- Organized product categories
- Simple purchase process

User Persona

Name: thirsha

Age: 21 Years

Occupation: Student

Goals:

- Buy beauty products quickly
- Browse categories easily
- Use a simple mobile interface

Challenges:

- Complicated shopping applications
- Slow navigation process

User Flow and Wireframes

User Flow

Splash Screen → Login → Password → Product Search Page

Wireframe Screens

1. Splash Screen

- Beauty image
- App name: GlowCart
- “Get Started” button

2. Login Screen

- Email input field
- Login option

3. Password Screen

- Password input field

4. Search Screen

- Cosmetic search section
- Categories:
 - Lipstick
 - Skincare
 - Perfume
 - Makeup
- Product display and Add button

Design Thinking Process and Conclusion

Design Thinking Process

1. User requirement identification
2. Creation of user flow
3. Low-fidelity wireframe development in Figma
4. Prototype linking between screens
5. Testing navigation flow

Features Implemented

- Product categories
- Search functionality
- Add button
- Prototype navigation

Conclusion

GlowCart successfully demonstrates early-stage mobile application planning and wireframing. The project improved understanding of user flow creation, interface planning, and prototype development using Figma.
